

Placebo, The Bitter End

Since we're feeling so anesthetised
In our comfort zone
Reminds me of the second time
That I followed you home

We're running out of alibis
From the second of May
Reminds me of the summer time
On this winter's day

See you at the bitter end
See you at the bitter end

Every step we take that's synchronized
Every broken bone
Reminds me of the second time
That I followed you home

You shower me with lullabies
As you're walking away
Reminds me that it's killing time
On this fateful day

See you at the bitter end
See you at the bitter end
See you at the bitter end
See you at the bitter end

From the time we intercepted
Feels more like suicide...

See you at the bitter end
