

# Placebo, The Never-Ending Why

The atom will implode  
The fragile kingdom fall  
The tremor becomes a quake  
There's a body in the lake  
And as the two of us rebel  
Damn you all to hell  
I wonder if that's all there is  
Time will help you through  
But it doesn't have the time  
To give you all the answers to the never-ending why  
The sound of silence grows  
As spiders kissing fly  
And the tumor becomes a rhyme  
But the kids are doing fine  
And as the two of us rebel  
And damn you all to hell  
I wonder if that's all there is  
Time will help you through  
But it doesn't have the time  
To give you all the answers to the never-ending why
