

Placebo, Twin Demons

My monkey mind
Is drunken
Bitten by a scorpion
Possessed by demons
My monkey mind
Is broken
Smothered by a python
Possessed by demons

Here I go
Always crashing into walls
Think I'll soak my skin and soul
'Til I can't feel at all

My monkey mind
My agitation
Is a slow acceleration
Possessed by demons
My monkey mind
My fixation
No exaggeration
Possessed by demons

Here I go
Always crashing into walls
Think I'll soak my skin and soul
'Til I can't feel at all

My life on the line
(Can't feel at all)
My life on the line
(Can't feel at all)
My life on the line
(Can't feel at all)
My life on the line

My monkey mind
My devotion
Catastrophe in motion
Possessed by demons

Here I go
Always crashing into walls
Think I'll soak my skin and soul
'Til I can't feel at all

My life on the line
(Can't feel at all)
My life on the line
(Can't feel at all)
My life on the line
(Can't feel at all)
My life on the line
