

# Plain White T's, Can't Turn Away

I can't run, can't turn away now

It's all the same, nothing ever changes  
the long days, the ten cent raises  
A few bucks in my pocket's gotta go a long way  
22, got my whole life ahead of me  
but still, lettin' life get the best of me  
Gotta stop, and just leave it up to destiny now  
I don't know how much more of this I can handle  
But I know that good things come to those who wait

I can't run, can't turn away now

Four years, I've been out of high school  
forget college, thinking I was so cool  
But no regrets, gotta do what you gotta do  
My heart, it's in love with the rock 'n' roll  
and playing music is all that I really know  
You know love, it's the only thing you can't control

Can't stop believing/no matter how long it takes  
It might kill me to keep on dreaming  
but I'd rather die than throw it away  
I don't know how much more of this I can handle  
But I know that good things come to those who wait  
And better things will come to those who don't give up  
So mine should be coming any day

I can't run, can't turn away now
