

# Planes Mistaken For Stars, Gimme Gimme Gimme

Gimme gimme gimme  
I need some more  
Gimme gimme gimme  
Don't ask what for

Sitting here like a loaded gun  
Waiting to go off  
I've got nothing to do  
But shoot my mouth off

Gimme gimme gimme  
Give me some more  
Gimme gimme gimme  
Don't ask what for

I gotta go out  
Get something for my head  
If I keep on doing this  
I'm gonna end up dead

Gimme gimme gimme,  
Give me some more  
Gimme gimme gimme  
Don't ask what for

You know the world's got problems  
I've got problems of my own  
Not the kind that can't be solved  
With an atom bomb

Gimme gimme gimme  
Give me some more  
Gimme gimme gimme  
Don't ask what for

Gimme gimme gimme  
I need some more  
Gimme gimme gimme  
Don't ask what for

Sitting here like a loaded gun  
Waiting to go off  
I've got nothing to do  
But shoot my mouth off

Gimme gimme gimme  
Give me some more  
Gimme gimme gimme  
Don't ask what for
