## Planet Funk, Late

Inside all the people a jet black spark rippeling like magma in their hearts under all the hot lights n' gyroscopes physically pulsing as the shake of their bones feeling kinda lonely we're fucked up and cold feeling kinda lonely underneath the soul I was... feeling kinda lonely boys are shaking girls are rotating make my real life melt into the floor boys are shaking girls are rotating make my real life melt into the floor inside all the people an onyx flame flickering and rising into their brains smothered in a blue light covered in a noise Oscillating girls Oscillating boys feeling kinda lonely we're fucked up and cold feeling kinda lonely underneath the soul I was... feeling kinda lonely boys are shaking girls are rotating make my real life melt into the floor boys are shaking girls are rotating make my real life melt into the floor make my real life melt into the floor boys are shaking girls are rotating make my real life melt into the floor boys are shaking girls are rotating make my real life melt into the floor
