

Planetshakers, Never Stop

All my hopes and all my dreams
God I lay them at Your feet
Cause all I want is You

All I have and all I am
I surrender every part of me
Cause all I want is You

Take my life
Take my everything
Take my heart
Take every part of me

God I give my heart, my life to You
And I'll never stop, never stop, giving it all to You

All I have is Yours
And all I am is Yours
