

Plazma, 607

(Verse)

Hey, you were drowning me
In this lonely place, we're in heaven
And I, in the name of love, in this lonely charge, we're in heaven

(Chorus)

Shout and cry (607)
This is life, your only heaven
Shout and cry (607)
This is life, your only heaven
Shout and cry (607)
This is life, your only heaven
Shout and cry (607)
This is life, your only heaven

(Verse)

Once I have been waiting for
For your loneless thoughts
Out of heaven
Here, I hear the sound of eternity
And your lonely vibes
Out of heaven.

(Chorus)

Shout and cry (607)
This is life, your only heaven
Shout and cry (607)
This is life, your only heaven
Shout and cry (607)
This is life, your only heaven
Shout and cry (607)
This is life, your only heaven

Your only heaven
Shout and cry
This is life

(Chorus)

Shout and cry (607)
This is life, your only heaven
Shout and cry (607)
This is life, your only heaven
Shout and cry (607)
This is life, your only heaven
