Plumb, I Have Nothing

Naked I showed up here With nothing to me name Pure and crazy, blameless Baby, I'm ashamed

And naked I will leave here With nothing left to say My pockets full of empty And now I'm not to blame

I have nothing (I don't have it)
I have nothing (I don't need it)
I have nothing (I don't...)
I have nothing
Nothing, nothing

Well, catch me when I'm falling To a stranger, sustain And kick me when I'm stingy Take everything away

'Cause yesterday is gone now And tomorrow isn't sure Today is all I'm given And what I have is Yours

'Cause I have nothing (I don't have it)
I have nothing (I don't need it)
I have nothing (I don't...)
I have nothing
Nothing, nothing

Oh why do I put so much time In things I leave behind That were never mine? Oh why? Oh why? Oh why? Oh why?

I have nothing (I don't have it)
I have nothing (I don't need it)
I have nothing (I don't...)
I have nothing
Nothing, nothing
