

# Po' Girl, Go On And Pass Me By

go on and pass me by  
i don't need your money  
i don't need no  
reason why, i'm just gonna leave,  
i'm just gonna leave

now i want you to know  
you ain't my ride you ain't my jelly roll  
if you opened your eyes would ya wonder why  
your head is spinning through the bar room door  
and you drive yourself right off a cliff  
you walk around with your head in the clouds  
and you wonder why it doesn't seem real  
i can't understand what you say  
when the words are falling outta your mouth  
i can't trust you  
when you don't even tell the truth about the things  
that you do

so go on and try to pretend  
that things never happened the way that they do  
well, i could shout it out  
but you'll never hear me if you don't know how  
this might be the end  
the end of this old line that keeps on passin' by  
so much more  
in the end
