

# Poi Dog Pondering, Aloha Honolulu

-----  
Aloha, Honolulu, here I come with some friends of mine  
Half of them the Hawaiian kind  
The other half just need a little sunshine  
On the isle of Oahu, the day is just begun  
Relax is number one  
"Don't rush me haole, there's plenty of sun"  
"Did you bring the lotion? You know your skin is awful white"  
Yeah, I brought the lotion, spread it on my broad daylight.  
Now I'm free sky stylin on the shiny island  
all the peoples smilin', and brother let me tell ya I'm smilin' too.
