

Poison Garden, Divided we Stand

I feel your absence, right here in my arms
I know there must be a way to strive
I'll never betray
I'll never forsake

Oh my dear friends
Laying by all the woe and fear
In this tragedy
Let's find our humanity

Divided we stand
My Love
Divided we stand
But never alone!

Every gale starts as a little wave
We are the waves feeding a new tide

Divided we stand
My love
Divided we stand
But never alone!
(divided we stand but never alone, divided we stand but there is no way to fall)
You are not alone!

We can rise together against this plague
And no one will be left behind, no one will be lost,
Divided we stand and there's no way to fall
I'll never betray
I'll never forsake

Divided we stand
My love
Divided we stand
But never alone!
(divided we stand but never alone, divided we stand but there is no way to fall)
You are not alone!
