

# Pola, Paper Ships

Sweetest gifts you give  
make me care  
I want more and more  
Take or dare

Paper ships I have seen you make  
Follow me  
All the secrets I kept safe  
You can see

You took all my time  
Left me here  
Trading love for dust  
Disappear

Paper ships I have seen you make  
Follow me  
All the secrets I kept safe  
You can see

All the pain in my heart you can feel  
All the secrets I kept safe  
You see
