POLA RISE & ANDY WARD, Don't You Love Me

I am gonna stand aside You were never gonna give me blood You were never gonna love

You're the one who had to lie How you gonna hold on to trust How you gonna give me love

Keep in on Keep in on Keep the light for when i get there When i am home

Don't You Love Me Don't You Love Me Lik you did when we were young Don't You Love Me Don't You Love Me Don't you leave me here alone
