

# Pomofu, Cherry Chapstick & Tears

want to tell myself  
that i dont feel anything for you  
but that wouldnt be true  
to my heart or you  
i wish i could describe  
but it's so hard to  
(chorus)  
Paint you a picture  
of cherry chapstick and tears  
because words dont flow well with me  
they never do

I cant sit still  
let alone concentrate  
or even think straight  
and always staying up late  
i dont want to wait,  
dont wanna leave this to fate
