

# Poolside, Slow Down

STOP!

don't move so fast  
slow down  
let this feeling last  
relax  
it's alright  
the star let it guide  
us through the night

STOP!

don't move so fast  
slow down  
let this feeling last  
relax  
it's alright  
the star let it  
guide us through

The night STOP!

don't move so fast  
slow down  
let this feeling last  
relax it's alright  
the star let it  
guide us through  
the night STOP!

Don't move so fast  
slow down  
let this feeling last  
relax it's alright  
the star let it  
guide us through the night  
Don't slow it down  
going fast, slow it down
