Porter Wagoner, Anymore

And I don't believe you love me anymore anymore Lately you've been acting strange to me Somehow it's not the way it used to be You're doing things you never dared to do before And I don't believe you love me anymore anymore I felt your love grow colder day by day When I tried to hold you close you turned away There must be someone else you're longing for And I don't believe you love me anymore anymore (steel - strings)
Greener pastures now you think you've found

Greener pastures now you think you've found But what will happen when the grass turns brown I'm hearing things on you I've never heard before And I don't believe you love me anymore anymore I felt your love grow colder...

No I don't believe you love me anymore
