

Postmen Flying, Famous Band

Come on baby don't be late
We begin to play
Come on babe don't be afraid
And don't turn away

We're gonna sing for you all the night
And you will fall in love at first sight

Come on baby take your friends
We begin to fly
We can show you all the lands
And the sunny skies

When you're back to ev'ryone
You'll say as loud as you can
"I, I, I have gone
and spent my time with a famous band"

Come on baby cheer up
Don't escape from it
Our show will never stop
Will you take a seat?

CHORUS REPEAT

Famous band, famous band
Famous band, famous band
