

# Powerwolf, Amen & Attack

In nomine veritas  
In nomine filii et patris  
In nomine veritas  
Et sanctus  
Amen and Attack

Stand your ground against the storm  
And hail the crucified  
Eins zwei amen & attack  
Army of the Bible sworn  
Defend us through the night  
Drei vier - amen & attack

When the night is cold and black  
We sing amen & attack  
And we lead the storm of the wild  
Be the wildest of the pack  
Scream it! Amen & attack  
And we fight with God on our side  
Amen & attack  
Amen & attack

Fight the demons of this world  
No victims left to hide  
Eins zwei amen & attack  
Make them pray or make them pay  
It's time to stand up right  
Drei vier - amen & attack

When the night is cold and black  
We sing amen & attack  
And we lead the storm of the wild  
Be the wildest of the pack  
Scream it! Amen & attack  
And we fight with god on our side  
Amen & attack
