

# Powerwolf, Venom Of Venus

Oremus patrum nostrum aeternum est  
Oramus mater nostra sanctificas  
Oremus Venus Deus credo in nobilita

Venom of Venus take us all for blins  
Bringer of poison for the heart and mind  
Never resist when your eyes inflame the wild  
Venom of Venus or a fairytale  
Sing of temptation when sirens wil  
Out of our minds by the wonders you unvil

Come blessed desire bring us all yo fail\*
