

PRETTYMUCH, Teacher

you could be my Teacher
you could be my boss
you could be my lover
you could be my car
baby I can drive ya
anywhere you are
you could be my Teacher
you could be my boss

so tell me your wish
I can do the day on night shift
you can find my name on your playlist
fell free girl
in real trip
everything we do is ferocious
meet me in your .. basement
escaping girl

like the Prada you've stolen
put me like your cloths
we can rock nice and slow
you and me, true!

you could be my Teacher
you could be my boss
you could be my lover
you could be my car
baby I can drive ya
anywhere you are
you could be my Teacher
you could be my boss

it's your birthday
every single day
it's your birthday
I can make you feel like ..in every way
and when the bit drums
we're be connecting like a hotspot
I got ... girl

like the Prada you've stolen
put me like your cloths
we can rock nice and slow
you and me, true!

you could be my Teacher
you could be my boss
you could be my lover
you could be my car
baby I can drive ya
anywhere you are
you could be my Teacher
you could be my boss
I don't give what costs !

I like you
I want you
dear baby !
