

Primal Fear, Crucify Me

Waiting for absolution
Guiltless in custody

So many years I've been
Condemned for what I've done
They have added many lies
I was fighting to defend
The ones I love
Now they twist and strain
The truth

Crucify me
Crucify me
Crucify me
I don't care

Restless in a cage of madness
Justice, my time will come

So far, no further
I am wasting too much time
My words are falling
On deaf ears
And now I'm ready
To release the beast in me
So come and catch me if you can

Crucify me
Crucify me
Crucify me
I don't care

Crucify me
Waiting for absolution
Crucify me
Remains in custody
Crucify me
So many lies
Crucify me
Crucify me

So many years I've been
Condemned for what I've done
They have added many lies
And now I'm ready
To release the beast in me
So come and catch me if you can

Crucify me
Crucify me
Crucify me
I don't care
