

Primus, Electic Uncle Sam

yeah
yeah

i am the plan
i am the man
who tells you what, and when you can
i am the old one that torments you
i am the voice that tells you too

(chorus)
don't get caught with you fingers in my pie
mess with me and boy you're surely gonna die
if ever your in doubt
about who or where i am
i'm here, i'm there, i'm everywhere
i am your uncle sam
electric uncle sam

you beg me please
on bended knees
not to sit among the enemies
if you feel like, you wanna dance
then step aside and take a chance

(chorus)

yeah
i am you're uncle sam
yeah
i am you're uncle sam
yeah
electric uncle sam
