

Prince, All The Critics Love U In New York

U can dance if U want 2 - All the critics love U in New York
U don't have 2 keep the beat, they'll still think it's neat - in New York
U can wear what U want 2, it doesn't matter - in New York
U could cut off all your hair, I don't think they'd care - in New York

All the critics love U in New York

Why U can play what U want 2 - All the critics love U in New York
They won't say that u're naive if U play what U believe - in New York
Purple love-amour is all u're headed 4 - but don't show it
The reason that you're cool
Is 'cuz you're from the old school, and they know it

All the critics love U in New York

U can dance if U want 2 - All the critics love U in New York
U can dance if U want 2 - All the critics love U in New York
All the critics love U, all the critics love U
All the critics love U in New York

It's time 4 a new direction
It's time 4 jazz 2 die
4th day of November
We need a purple high

Don't give up - I'll still love U

All the critics love U in New York
All the critics love U in New York
All the critics love U, all the critics love U

Body don't wanna quit, gotta get another hit
