

Prince, Damn u

Damn U, U're so fine
Seems 2 happen 2 me each and every time we make love
I can't hold back
It's like havin' a hundred million little heart attacks
Damn U, baby, U're so fine
Damn this kooky love affair
All I ever want 2 do is play in your hair
2 people - crazy in love
Into 1 another like a hand in glove
Damn this kooky love affair
Like animals just born 2 breed
come 2 think about cha baby-
u're my only need
I'm on fire 'til U come and put me out
All I'm trying 2 say is that my psychedelic shouts
When U damn me,
Damn U
When I'm in your arms it's all that I can do
When we're making love I can't hold back
It's like havin' a hundred million little heart attacks
Damn U, baby, U're so fine
Damn U
Baby, U're so fine
