

# Prince, Dance With The Devil

Cunning liar, eternal fire  
Demon clever, promise 4ever  
The curious try and always die

Live in fear, the devil is near  
Can U feel his breath? Pray 4 death  
The curious try and always die

"U men point those search lights up on the tower right now - move, move!"

Have no Savior, have no faith  
Never look 4 Heaven's gate  
Devil's children, no love inside  
There is a soul, but it has died

Devil's children, no love inside  
There is a soul, but it has died  
And it cries, and it cries?

## CHORUS:

Dance with the devil in the pale moonlight  
Put your arms around him and hold him tight  
Give up 2 the feeling and don't try 2 fight  
He wants your soul and he wants it 2night  
Dance with the devil in the pale moonlight  
Put your arms around him and hold him tight  
Close your eyes 2 love and die

Dance with the devil in the pale moonlight {sampled till end}

"U know, without U I just wouldn't wanna go on"

## CHORUS {x2}

Dance with the devil in the pale moonlight  
Put your arms around him and hold him tight

"It's as though we were made 4 each other  
Beauty and the Beast  
Of course if anyone else calls U Beast  
I'll rip their lungs out"

Dance with the devil in the pale moonlight  
Put your arms around him and hold him tight
