

Prince, Empty Room

Empty room, empty room
How am I gonna fill U?
How am I gonna fill this empty room?

Love is strong, however long
We should've been 4ever
How am I ever gonna fill this empty room?

Found a strand of your hair
By the bathroom window
How am I ever gonna get U off my mind?

In my bed, in my head
Every word U've spoken
Now how am I gonna fill this empty room?

Lonely hearts, worlds apart
Why should they be broken?
When we could be somewhere makin' love

Love is strong, however long
We should've been 4ever
Baby, why did U leave me all alone?
Why'd U do it?

Barren walls, tears fall
What's the use in cryin'?
I gotta find a way, find a way 2 fill this empty room
