

# Prince, Good life

The good life, 1 day that's what I'll be livin'  
Fantasy never hurt nobody, whatever chills the illin'  
When the everyday gets on your last 1, give it up and go  
2 the place in everyone's future, the good life - 1 day we'll know  
(Good life)  
Everyday after school, U know where 2 find this brother  
Uptown at every movie show, outta my life 2 another  
That was the only thing that I wanted 2 do, that was my drug of  
choice  
Left all the funny smellin' cigarettes 2 the American boys  
"La Dolce Vita" was the knob that turned me on  
Marcello Mastroianni Italian Mac comin' on strong  
He had all the honies, the kind from the magazines  
Small waist, big - right!... biggest ones U've ever seen  
The good life (good life), 1 day that's what I'll be livin'  
Fantasy never hurt nobody, whatever chills the illin'  
When the everyday gets on your last 1, give it up and go  
2 the place in everyone's future, the good life - 1 day we'll know  
1 day we'll know  
(Good life)  
(Good life)  
Mama worked all night, went 2 school by day  
Wanted 2 get her Master Degree so she could make a better way  
Set examples 4 her babies that we'll never forget  
That's where I guess my spirit comes from, eternally never met  
Oh, the good life (good life), 1 day that's what I'll be livin'  
Fantasy never hurt nobody, whatever chills the illin' (Ooh, good life)  
When the everyday gets on your last 1, give it up and go  
2 the place in everyone's future, (the good life)  
The good life - 1 day we'll know  
(Good life)  
Good life  
Good life  
Good life (Good life)  
Hey, hey, hey!  
Peace 2 the mother that knows  
That the babies are the key 2 the world, key 2 the world  
The battles of the future will be won  
By those who teach those baby boys and girls  
This is our plea 2 the brothers  
Who are tired of the barely gettin' by, instead U should try  
2 see your future map out your steps  
And make sure no 1 dies  
The good life (good), 1 day that's what I'll be livin'  
Fantasy never hurt nobody, whatever chills the illin'  
(1 drop of blood ain't worth forsaking your dreams)  
When the everyday gets on your last 1, give it up and go  
(Music, sports, fashion, whatever)  
2 the place in everyone's future, the good life - 1 day we'll know  
(Consolidate, think ahead, and cream, cream)  
The good life (good life), 1 day that's what I'll be livin'  
Fantasy never hurt nobody, whatever chills the illin' (Hey yeah, good  
life)  
When the everyday gets on your last 1, give it up and go (Good life,  
oh)  
2 the place in everyone's future, the good life - 1 day we'll know  
New Power Generation (Good life)  
Tryin' 2 lead the Good Life (1 day we'll know)  
Oh yeah, oh Lord  
Good life (Good life)  
The good life  
Good life (Good life)  
The good life (Good life)  
Good life (good life), 1 day that's what I'll be livin'

Fantasy never hurt nobody, whatever chills the illin'  
When the everyday gets on your last 1, give it up and go  
2 the place in everyone's future, the good life - 1 day we'll know  
(Good Life)
