

Prince, Hot Wit U (Nasty Girl Remix)

Hot wit you
(Uhh, Uhh, Uhh)

(Treat you like the freak of the week)
Tonight you're living in a fantasy
Your own little nasty world
(Treat you like the freak of the week)
Tonight don't you wanna come with me
I bet you're a nasty girl
Tonight you're living in a fantasy
Your own little nasty world
(Treat you like the freak of the week)
Tonight don't you wanna come with me
I bet you're a nasty girl
(Treat you like the freak of the week)

I want to get hot wit you
I want to get you underneath the cream and do
The marshmallow
Ooh, I want to get hot wit you
I want to get you to do something you thought you'd never do
Like dance in front of my headlights, on a hot summer night - Nude
I want to get hot wit you

(Treat you like the freak of the week)
Tonight you're living in a fantasy
Your own little nasty world
(Treat you like the freak of the week)
Tonight don't you wanna come with me
I bet you're a nasty girl
Tonight you're living in a fantasy
Your own little nasty world
(Treat you like the freak of the week)
Tonight don't you wanna come with me
I bet you're a nasty girl
(Treat you like the freak of the week)

I want to get hot wit you
I want to make you climb this chain around my waste so I can prove
That I'm the only one that brings out the freak in you
I want to get hot wit you

I wanna get hot wit you
I wanna get hot wit you
(Treat you like the freak of the week)
I wanna get hot wit you
I wanna get hot wit you

Know the body bangin', got you singin'
No shouts from the neighbors, telephone ringin'
Put me in positions thought I'd never do proper
Created a machine, now you know you can't stop her
Tryin' to turn me out, it never happen, so stop this
I'm suppose to tremble cuz they call you "The Artist";?
Let's wild out - can you handle ruff ridin'?
Treat you like the freak of the week and had you hidin' from me
I'd do whatever you like if you could take it
If I could be your girlfriend, you could catch me naked
Can't front sexually, I'd like a sample
But I don't think that I'm ready for you to make me an example
I mean - come on - why front on
I'd never place time - queen of your life
I'm there, whenever
The things that you're feeling for me - mutual

But I'm ready to call you daddy, even get hot wit you

(Treat you like the freak of the week)
Tonight you're living in a fantasy
Your own little nasty world
(Treat you like the freak of the week)
Tonight don't you wanna come with me
I bet you're a nasty girl
Tonight you're living in a fantasy
Your own little nasty world
(Treat you like the freak of the week)
Tonight don't you wanna come with me
I bet you're a nasty girl
(Treat you like the freak of the week)

I wanna get hot wit you
Get you underneath the cream and ooh
Get you doin' things you thought you'd never do
Make you suck your tongue and say, "Ooh!"
I wanna get hot wit you
Take you upstairs to the 14th room
Multicolored lights and an ocean view
Ooh, I wanna get hot wit you

So we could drive to the ocean
And drown you in a wave of 100,000 compliments, boo
I want your everyday to be cool
(Hot wit you)
(Treat you like the freak of the week)
And the only way to do that is every night
(Hot wit you)
Get hot, get hot with you
Yeah, baby

(Treat you like the freak of the week)
Tonight you're living in a fantasy
Your own little nasty world
(Treat you like the freak of the week)
Tonight don't you wanna come with me
I bet you're a nasty girl
Tonight you're living in a fantasy
Your own little nasty world
(Treat you like the freak of the week)
Tonight don't you wanna come with me
I bet you're a nasty girl
(Treat you like the freak of the week)

(Treat you like the freak of the week)
Tonight you're living in a fantasy
Your own little nasty world
(Treat you like the freak of the week)
Tonight don't you wanna come with me
I bet you're a nasty girl
Tonight you're living in a fantasy
Your own little nasty world
(Treat you like the freak of the week)
Tonight don't you wanna come with me
I bet you're a nasty girl
(Treat you like the freak of the week)
