

# Prince, Life O' The Party

This is the life o' the party  
We gonna do it right

So Ur havin' a party?  
Goody 4 U  
All the beautiful people gonna b there?  
Yeah, that's cool  
U know Ur gonna have a good time cause U got the news  
That the life o' the party is gonna party with U

We're doing our own thing  
Until the sun'll come up  
Sweet Candy gonna b there  
Yeah, it's gonna b rough  
She ain't got no off switch  
And neither do eye  
When U read it in the paper 2morrow  
U gonna hang Ur head and cry

[Chorus]

We gonna have us a party  
All r welcome 2  
We ain't down with nobody  
That don't party like we do  
Once we get it started  
We got 2 go all night  
This is the life of the party  
We gonna do it right

Why party in your own yard  
When U can party in mine?  
All the beautiful people gonna b there  
Puttin' the " in fine  
Throw the records out my window  
CD's out the door  
Might as well give it 2 the milkman  
We don't want it no more

Everybody can smell this funk y'all  
Down in Atlanta GA  
Everybody, even Dre and Em, know it's OK  
Hey, we don't need any trippin' y'all on this special day  
We just callin' 2 let U know  
U better not come if U can't stay

[Chorus]

What's it gonna take 2 get Ur booty soakin' wet?  
U and me closer baby, that's a bet

Eye'm the life of the party  
As long as eye got your body  
Shakin like a leaf on a tree  
Cutie come dance with me  
U and me, we got mad chemistry  
Don't it make U wanna holler?  
Come with the life of the party, y'all  
We're still makin dollars  
25 years 2 life  
The judge sentenced me 2 hard labor with a knife  
Making cuts 4 y'all  
Keeping the party packed and wall 2 wall  
Eye don't care what they say

"He don't play the hits no more  
plus eye thought he was gay"

But it ain't nothing if it ain't fun  
My voice is getting higher  
and Eye ain't never had my nose done  
That's the other guy  
All the purple hippies bang your head on the 1

[Chorus]
