

# Prince, Lion Of Judah

Sitting on the floor of an all white room  
Feeling like the color blue  
Thinking about the words that I can use  
2 get this through 2 U

A million mistakes and then some  
I've made with the 1's B4  
I probably passed my expiration date  
But still I adore U... Adore U...

Looking 4 the energy 2 take U there  
The place's that U wanna go  
Knowing if I do, U'r fully aware  
The press will turn it in to a show (A show)

Everyone expects this outcome  
But still they jump 4 all the crew  
I Guess should be happy but I'm still not  
Sure that U really love me...

Love me... Love me... Love me... U love me...

Chorus:  
Like the Lion of Judah (Judah)  
I Strike my enemys down  
As my God is living  
Surely the trumpet will sound  
There was 1 who would stand by my side  
Through the good and the bad  
Let that 1 stand with pride  
The best that I ever had

Like the lion of judah

Driving away with a smile on my face  
Wind blowing through my hair  
Wondering how U'll feel when U find out  
How much I really care (I care)

Hoping that the tears roll down U'r face (Down U'r face)  
Your body grasp who we are (Who are we?)  
2 gypsy beggars who only by Vegas  
Came 2 be a star  
(A super star)  
A star  
That's what we are...

(Chorus)

Like the Lion of Judah (Judah)  
I strike my enemys down  
Like the lion of judah (Judah)  
Surely U....gonna hear the trupet sound  
Hear the trumpet will sound

(ohhh)  
Lion... Judah... Judah..
