

# Prince, Resolution

The main problem with war  
Is that nobody ever wins  
The next generation grows up  
And learns how to do it all over again

No matter who started the argument  
Just matters how each one ends  
How many people really want resolution

The main problem with people  
Is they never do what they say  
One minute they want peace  
Then do everything to make it go away

Dropping bombs on each other  
In the act of saving face  
Tell me now people  
How is that resolution

Either U do or U don't  
Either U will or U won't  
Making amends (Make amends)  
A bitter pill to swallow

What can we lose if we try  
With no water, a flower dies  
With no 1 2 lead resolution will follow

Love is like a circle  
No beginning and no end  
A broken heart will mend  
If U love it like your best friend

Handle your heart with care  
It's as delicate as a whim  
Winter storms come again  
Break a resolution

Whether U will or U won't  
Whether U do or U don't

Come on everybody all over the world  
La-la-la-la  
All over the world  
Do-do-do-do  
Tell me, how many people really want resolution
