

# Prince, Thieves In The Temple, Part 2

{Long version of Thieves In The Temple}

I'm holdin' on (I'm holdin' on) the best that I can  
Love please, (let me be) let me be the better man  
Better than the ones that wanna count me out  
Better than the ones that don't know what my love's about  
I'm talkin' 'bout the kinda love that can move a mountain  
The kinda love that could part the sea  
The kinda love that'll last 4 ever  
(no matter what u say we should be together)  
U should be with me (thieves in the temple)  
Yeah, u should be with me

I said I wanna know (talk to me)  
one thing (talk to me)  
said I wanna know (talk to me)  
I wanna know one thing, baby (talk to me)

How come you said that I was your baby  
When u and your love was gonna leave  
U led me on, led me on thinkin' U was Moses  
Herding sheep blindly through a fantasy  
U done me wrong (thieves in the temple)  
And everybody knows it  
Now the sound of my voice is pumpin' in your chest  
More or less, I am here to tell u that  
I am the best  
Better than the rest  
Better than the thieves in the temple tonight  
tonight, tonight, tonight, tonight, hurt me

(Put it in)  
Thieves in the temple  
Thieves in the temple  
Thieves in the temple  
Thieves in the temple tonight

Put your foot on the rock  
Let me show you how to clock

Put your foot on the rock  
Let me show you how to clock

Thieves in the temple  
(What the....?)

Who got the party, who got the party, who?  
Who got the party, who got the party, who?  
Who got the party, who got the party, who?  
Who got the party, who got the party, who?

(hurt me)
