Prince, Violet The Organ Grinder

CHORUS:
I am Violet the Organ Grinder
And I grind all the live long day
I live 4 the organ that I am grinding
I'll die, but I won't go away
Gett Off {repeated throughout song}

CHORUS

Ooh, wait a minute, I think U better trip on this {x2}

I was on my way 2 another room
When an image of U sweetly
Appeared in the mirror, perhaps U recall
U and I were neatly
In the middle of a Crystal Ball
And it now serves as a reminder on the wall
Of U and I, the organ grinder
In the greatest concert of them all

(CHORUS)
I am Violet the Organ Grinder
And I grind all the live long day
I live 4 the organ, I am grinding
I'll die, but I will not go away

Did U know that I still have your stockings?
I keep 'em in a drawer next 2 your brassiere
Come hither, my sweet, lend me your attention,
Come hither, lend my your ear
I do believe my piano was stolen
I do believe that U want me near
Well I can deal with a sucker if he's in your mouth
But I can't deal with insincere
I am the one that lives in your heart
U love me, no matter what U say
Swear U don't miss the organ grinder
Grinding on U every day

I am Violet the Organ Grinder
And I grind all the live long day (Check this out)
Ooh, wait a minute, I think U better trip on this

I took all the pictures U gave me
And I placed them right under my bed
And I pumped and I pumped
'Til the 'gasmer just jumped
From my feet 2 the top of my head, oh boy!

(CHORUS)
I'm Violet the Organ Grinder
And I grind all the live long day
I live 4 the organ, that I'm grinding
I'll die, but I will not go away

Ooh, wait a minute, I think U better trip on this

Like a puppy, I licked your devotion
From your neck, from your eyes, from your ears
When U cried, I became your emotion
And if U ever cry like that again I'll be here

(CHORUS)

'cause I'm Violet the Organ Grinder
And I grind all the live long day
I live 4 the organ, that I'm grinding
I'll die, but I won't go away
Not even...

(Gangsta) {x3}
(Who turned the mother out) {x2}
{repeat phrase}

CHORUS
