

Professor Green, Are You Getting Enough? (ft. M

[Miles Kane:]

Are you getting enough?

Are you getting enough?

Are you getting enough?

Ahh yeah

/2x

You want for it, feel for it

Rob for it, steal for it

Shot for it, deal for it

Pop for it, kill for it

Some are born with it, some are born without

Can hardly afford what they're forking out.

Time is money, talk is cheap

Money talks, what we talking about?

Piggishness edacity poverty born depravity

Gluttony over luxuries all ravenous voracity

Insanity avidity sound like city lust

Anything I want I need for me to have it's a must.

[Miles Kane"]

You're draining my blood.

Are you getting enough?

Are you getting enough?

Are you getting enough?

Ahh yeah

/2x

I shop therefore I am, I am therefore I shop

Until I drop, I will not stop

?til I cop everything I want

I spend money I ain't got

Anything I want I get

I buy what I want period.

I don't really mind if I'm in the red.

Credit cards, debit cards, store cards, more cards

The poor pay while the rich are spending.

It's all as is intended.

Can you feel it heating up?

Can you feel the climate change?

In our eyes you see the hunger

All you feed's a primal rage.

[Miles Kane"]

You're draining my blood.

Are you getting enough?

Are you getting enough?

Are you getting enough?

Ahh yeah

/2x

Keep on, keep on

Keep on chasing money

Keep on, keep on

Keep on chasing money

Keep on, keep on

Keep on chasing money

Keep on, keep on

Keep on chasing money

The mad man with his megaphone said we can only serve one master.

We're consumed by social evils and all what we lust after.

Satisfaction ain't for sale, and we're all going to Hell

But who were we supposed to hail to, when we don't know our father?

Are you getting enough?
Are you getting enough?
Are you getting enough?
Ahh yeah
