

# Project 86, Put Your Lips To The TV

You want my head in a basket  
(cause) This town ain't big enough for  
The two of us are disaster  
I'm not your 'stepchild' anymore

You can kiss me goodbye  
Just put your lips to the TV

You want my head on a platter  
Cause I'm no longer in your control

You can kiss me goodbye  
Just put your lips to the TV  
Cause it's the only way you will see me again
