

Puffy AmiYumi, Jet Police

Roketto ni wa jetto enjin
Surottoru wa fumitsuzuketa mama
Gingakei wo patororu
Mokusei no wakai porisu wa
Ojiisan no uso wo minogashite iru
Kare mo mada mada aonisai
Kono uchuu no warumono wa yurusanai ze
Taiho suru ze
Minna no heiwa mamoru tame
Inseki wo chikaku de mitara
Kaseijin ga inemuri unten
ABS ga hitsuyou da
Buttobase genba made
Motto dase daijiken da
Sanso bonbe kara ni naru made
Ao kippu to misegakete
Aka kippu wo kurawaseru
Toki ni wa miseru ai no muchi
Kono uchuu wa kyou mo heiwa
Hisabisa no kyuuujitsu da
Taiyou no uragawa mi ni yukou

The rocket has a jet engine.
Patrolling the galaxy at full throttle.
A young Jovian policeman
Turning a blind eye to an old man's lie.
He is still green.
The bad guys in the universe can't be tolerated.
We'll arrest them.
In order to keep the peace for everyone
When you see meteorites nearby.
The Martian pilot feel a sleep.
ABS needs to be kicked in.
Go at full speed to the scene.
Go faster. It's a major incident.
Until the oxygen cylinder empties.
Fake it to look like a blue ticket
But strike with the red ticket.
Sometimes we show the whip of love.
The universe is at peace today too.
It's the first holiday in a long time.
Let's go see the other side of the sun.
