Come take me far away

That contraptious shooting star has lately been a real hit over Asia

Take me there anytime, take me far away  
Sidestreets, sushi-shops and thunder; the Greater Edo International  
Take me over there, take me far away

The sky is clear after rain  
and the sun is smiling

Papapa papa papapapa  
Papapa papa papapa  
Take me right away, take me far away

At Edo, there's an intersection to go surfing  
And an intersection to a ranch behind the hills  
Take me anywhere, take me far away

The sky is clear and so brilliantly blue  
and the rainbow is smiling on the other end

Papapa papa papapapa  
Papapa papa papapa  
Take me far away, take me far away  
Pupupu pupu pupupupu  
Pupupu pupu pupupu  
I am grateful to be proper, thank you follow me

Looking up from the castle rooftop, there shines a beautiful fullmoon  
When that time comes, teardrops will run on my face

Papapa papa papapapa  
Papapa papa papapa  
It's a fake, all lies, Take me far away  
Papapa papa papapapa  
Papapa papa papapa x8  
Papapa papa papapapa
