Hitori yori totemo yoku warai  
Hito no hanbun yoku nemeri  
Tama ni fuan wo kaketemo  
Ki ga tsukya itsumo wasureteru  
Ii koto bakari dewa nai ga  
Suteta mono dewa gozaimasen  
Daichi no ibuki kanjite wa kokoro odoru deshou  
Iki wo kirashite hashitemo kumo wa doko e mo tsuite kuru  
Toki nijimu yuugure ni omoi wo hasete  
Hito yori chotto ganbatte  
Hito ni kakurete naite iru  
Muzukashiku kangaedasu to  
Tokidoki nigedashitaku naru  
Kokoro no naka ni chiraborari  
MERANKORII ja gozaimasen  
Koharubiyori ni nekoronde wasurechaimashou  
Ano natsu no koiji no you ni shinkirou wa nigete yuku  
Wakasa yue ni katakuna na omoi wo nosete  
Iki wo kirashite hashitemo kumo wa doko e mo tsuite kuru

&lt;/lyrics&gt;

I laugh more than most people  
Sleep better than half  
Sometimes I feel a little insecure  
But next thing I know it's forgotten  
I don't always have good times  
But it's never that bad  
The rhythm of the earth  
Makes my heart want to dance  
Run till you run out of breath  
But the clouds will follow you there  
Sometimes colors of sunset peek through  
And bring back memories of long ago  
I try harder than most people  
I hide my tears when I cry  
When I think too much about things  
Sometimes I just want to run away  
In my heart are memories here and there  
But I'm not melancholy  
This Indian summer let's fall asleep  
And forget about everything  
Like a summer romance  
The mirage will disappear  
But because I'm young  
I stubbornly hold on to the memories  
(repeat)  
La la la la la la la la la la  
La la la la la la la la la la  
Sometimes colors of sunset peek through  
And bring back memories of long ago
