Wake up early
Open the window
Right on schedule
It's Sunday
Watch TV
While I change my clothes
Weather report comes on
I'm so happy the day will be fine
I hear the highway calling me
Gonna drive on out to where I always go
Slipping through the city
And out of my chains
Now I'm really free
Life's exactly like taking a drive
And I'm the one who makes my own road
Streaming through the crowds
And all the ups and downs
I'll be just gliding on by
Smooth and easy
Getting closer I can see
Now I'm really free
It's Sunday
