Pulp, Don't You Know

There's not much time for talking, / all your friends are / going to walk away. If there was time for talking / all too soon you'd be / lost for things to say. Don't you know she could break you, / every bone that's inside of you? Then again she might make you / everything that you want her to, and if you could walk away, / where would you go / anyway? And if you've still got the chance, I know you know / you'll stay, / stay. I don't need your excuses; / are you tired of / trying to stay on top? so just lie back and enjoy it / and save your tears for / when the kissing stops (oh, you know it's got to stop.) Don't you know she could break you, / every bone that's inside of you? Then again she might make you / everything that you want her to, and if you could walk away, / where would you go / anyway? And if you've still got the chance, I know you know / you'll stay, / stay. Oh, you'll stay, / oh, you'll stay. Don't you know she could break you, / every bone that's inside of you? Then again she might make you / everything that you want her to, and if you could walk away, / where would you go / anyway? And if you've still got the chance, I know you know / you'll stay, / stay. Oh, you'll stay, / oh, you'll stay. Oh, you'll stay, / oh, you'll stay, oh, you'll stay, / oh, you'll stay, oh, you'll stay.
