Punchline, Skeeball

Whenever you are near
My body fills with fear,
My hands they start to shake,
And my stomach starts to quake.
My legs turn really numb,
And I start acting really dumb.
Later on, I start to pout
Because I am so stressed out.

Just leave me alone.
I've got ex-girlfriend syndrome. [x2]

I saw you at a party
And my band was playing.
Guess you didn't know
What I was saying.
The song was about you,
And the shit you put me through.
How you're never coming back,
And there's nothing I can do.

Just leave me alone.
I've got ex-girlfriend syndrome. [x2]

I see her in the moonlight,
And she waves to me.
I wish I could go back to how it used to be.
She is so beautiful.
Again I wanna give her a call,
And I'd talk to her,
But I'd rather play skeeball.

Just leave me alone.
I've got ex-girlfriend syndrome. [x2]
