

# Pussycat Dolls, Space

Mmmmmmmmmmm

[Verse 1:]

The plan was to let me down gently, I know  
The game was to call it temporary, ooohhhhhh...  
Boy be careful what you wish for  
'cause u might get that and so much more  
I won't shed a tear  
If you don't want me here

[Chorus:]

Boy I'll give u space  
In the closet where my clothes should be  
In that empty bed without me  
Now I'm walking out the front door  
You got exactly what you asked for, space  
In your phone where it said my name  
Where I torn my picture out your frame  
And I won't be around when you figure out  
You got exactly what you asked for, space

[Verse 2:]

Now wait, this ain't no way to be treated  
Mistake, you can have your cake and eat it  
'cause any real man would up and leave  
But I guess it's more than you can be  
Let me help you up  
I'm a leave right now  
Boy you got your space

[Chorus:]

Boy you got your space  
In the closet where my clothes should be  
In that empty bed without me  
Now I'm walking out the front door  
You got exactly what you asked for, space  
In your phone where it said my name  
Where I torn my picture out your frame  
And I won't be around when you figure out  
You got exactly what you asked for, space

[Bridge:]

Where my kiss should be,  
Where your arms where they used to be holding me  
Is your car, on the passenger side,  
There's an empty seat where I used to ride  
Space, in your mind when you think of me  
Cause I'm about to be a memory  
Now you got your space

[Chorus:]

Now you got your space  
In the closet where my clothes should be  
In that empty bed without me  
Now I'm walking out the front door  
You got exactly what you asked for, space  
In your phone where it said my name  
Where I torn my picture out your frame  
And I won't be around when you figure out  
You got exactly what you asked for, space  
I'll give you your space  
You got your space  
You got exactly what you asked for  
Ohh babyy... I'm so gone...  
You got me saying byeeeeeeee babayyyyyy
