

# PVRIS, My House

I feel you in these walls,  
You're a cold air creeping in,  
Chill me to my bones and skin.  
I heard you down the hall,  
But it's vacant when I'm looking in,  
Who let you in?  
You walk around like you own the place,  
But you never say anything.  
I caught you walking straight through my walls,  
Guess it was all my fault.  
I think I let you in.

Never thought that I would feel like this,  
Such a mess when I'm in your presence.  
I've had enough, I think you've been making me sick,  
Gotta get you out of my system.  
It's my house,  
And I think it's time to get out.  
It's my soul,  
It isn't yours anymore.  
It's my house,  
And I think it's time to get out.  
Yeah, I think it's time to get out.

You're at my bedroom door,  
Heard your footsteps on the floor,  
Closer than ever before.  
And now you're in my room,  
You're a cold air creeping through,  
Under sheets avoiding you.  
You walk around I can hear you pace,  
Circling my bed frame.  
Now we're face to face,  
Head on my pillowcase,  
But darling, you can't stay.

Never thought that I would feel like this,  
Such a mess when I'm in your presence.  
I've had enough, I think you've been making me sick,  
Gotta get you out of my system.  
It's my house,  
And I think it's time to get out.  
It's my soul,  
It isn't yours anymore.  
It's my house,  
And I think it's time to get out.  
Yeah, I think it's time to get out.

Haven't you heard?  
I'm not yours anymore.  
I'm not yours anymore.  
It's my soul, and I think it's time to get out.  
Haven't you heard?  
I'm not yours anymore.  
I'm not yours anymore.

It's my house.

(I feel you in these walls,  
You're a cold air creeping in,  
Chill me to my bones and skin.)

Never thought that I would feel like this,  
Such a mess when I'm in your presence.

I've had enough, I think you've been making me sick,  
Gotta get you out of my system.  
It's my house,  
And I think it's time to get out.  
It's my soul,  
It isn't yours anymore.  
It's my house,  
And I think it's time to get out.  
Yeah, I think it's time to get out.
