

# Quavo, Galaxy

You know who  
You know, you know who  
You know, you know who  
You know, you know who  
You know, you know who  
You know, you know who  
You know, you know who  
You know, you know who  
This the feelin' when I get  
When I cop the Mercedes  
And I wanna splurge on my lady  
Hundred racks and I got it all cash  
And I came out the trap  
And they look at me crazy  
I'm drippin' like I'm finna go to the Met'  
I hit it and she stole my gallery sweats  
In the Maybach, she giving me neck  
Get out the car, she lookin' a mess (mess)  
Look at me, I am the catch  
I ask a bitch if she said yes (yes)  
We twenty deep on the island  
Missing my blood, my dog, my flesh (flesh)  
Workin' my one, just vibin'  
Never let the next man know what's next (no)  
Backend come to my nest  
Lil' bad bitch  
Wanna be a part of my flex (flex)  
And she know how to handle  
When stars in the buildin' (skrr, skrr)  
And she fuck with the galaxy, stars in the ceiling  
(Skrr, skrr)  
When I was broke, I was looking like millions  
(Skrr, skrr)  
That's the feelin' you get  
When you pull up and kill 'em  
Came from the bando, baby, now I'm backstage  
Rehearsing, pregame, baby, call it foreplay  
And you better put that shit on  
'Cause we 'bout to show your face  
I let you ride my wave  
But you gotta love my campaign  
Poppin' poppin' what she take  
Hope this night be great  
Tell 'em it's okay  
We won't wear no shades  
I wanna see everything, baby  
Yes, I do wanna see everything  
Hit that shit one time  
Now she fan on my dick like a fanpage  
She take notes, she don't cry  
Everything she do is fire  
Hair so long down to her thigh  
Heard she grouped out, that's a lie  
And she know how to handle  
When stars in the buildin' (skrr, skrr)  
And she fuck with the galaxy, stars in the ceiling  
(Skrr, skrr)  
When I was broke, I was looking like millions  
(Skrr, skrr)  
That's the feelin' you get  
When you pull up and kill 'em  
When you killin' 'em  
Oh, when you killin' 'em  
Oh, when you killin' 'em

Oh, when you killin' 'em  
Oh, when you killin' 'em  
Oh, when you killin' 'em  
Oh, when you killin' 'em  
Oh, when you killin' 'em  
Love on me, love on me  
Love on me, love on me  
Love on me, baby  
Love on me, love on me  
Love on me, love on me (love on me)  
Love on me, baby
