

Queen, Back Chat

(Deacon)

Back Chat Back Chat
You burn all my energy
Back Chat Back Chat
Critising all you see
Back Chat Back Chat
Analysing what I say
And you always get your way
Oh yeah see what you've done to me
Back Chat Back Chat
You're driving me insane
It's a battle to the end, knock you down you
come again
Talk back, talk back you've got me on the rack
Twisting every word I say
Wind me up and get your way
Fat chance I have of making a romance
If I'm ever to get the last word in
Take it from there
Twisting every word I say
Wind me up and get your way
Back Chat Back Chat
You burn all my energy
Back Chat Back Chat
Critising all you see
Back Chat Back Chat
Analysing what I say
And you always get your way
Wake up stand up and drag yourself on out
Get down get ready
Scream and shout
Back off be cool
And learn to change your ways

Back Chat Back Chat
