

# Queen, Call Me

Call me if you need my love  
Call me if you need my love  
Call me if you need my love  
Call me if you need my love  
Call me if you need my love  
Call me if you need my love  
She lives in a luxury apartment in the heart of town  
I live in the country and my house is tumbling down  
Call me if you need my love  
Call me if you need my love  
Call me if you need my love  
Call me if you need my love  
I met her in her neighbourhood, I was just passing through  
One look was all it took, yeah, one look or two  
Call me if you need my love  
Call me if you need my love  
Call me if you need my love  
Call me if you need my love  
You got my name, you got my number  
You got my number, you got my name  
Now I'm gonna settle down, get myself a wife or two  
No more of this running around like I used to do  
Call me if you need my love, baby  
Call me if you need my love  
Call me if you need my love, baby  
Call me if you need my love  
Call me if you need my love, baby  
Call me if you need my love  
Call me if you need my love, baby  
Call me if you need my love
