Queen, Polar Bear

Open up your mind and let me step inside rest your weary head and let your heart decide It's so easy when you know the rules It's so easy all you have to do is fall in love Play the game - everybody play the game When your feeling down and your resistance is low Light another cigarette and let yourself go This is your life - don't play hard to get It's a free world All you have to do is fall in love Play the gameEverybody play the game of love My game of love has just begun Love runs from my head down to my toes My love is pumping trough my veins Driving me insane Play the game Everybody play the game of love This is your life - don't play hard to get It's a free world all you have to do is fall in love Play the game of love This is your life - don't play hard to get It's a free, free world all you have to do is fall in love!
