

Queens, I Say My Body

I say my bodys baby
cravin your attention
I feel it deep within me
You see my body language
scream in your direction
come on and set me free
Aha, aha
I want you baby for the night
Aha, aha
So satisfy my appetite
{Satisfaction, satisfaction}
Set me free
The way Im walkin
Tells you baby you should move in
And I dont know what it is
Dont keep me waitin
Cause youll miss out, youll be losin
I know you know what this is
Aha, aha
I want you till the morning light
Aha, aha
Just satisfy my appetite
Aha, aha
I want you baby for the night
Oh yeah
Aha
I need you now
I want you now.....
Whos to know, one day what might become of us
Sin Or not
Come on and hit the spot
Tell me right now
