

# Queens Of The Stone Age, I Sat By The Ocean

I sat by the ocean and drank a potion to erase you.  
Face down in the Boulevard, yet I couldn't face you.  
There ain't no use in crying.  
It doesn't change anything,  
So what good does it do?  
Your friends, they all sympathize.  
Maybe, I don't need them too.

You, Me and a lie.  
Silence is closer.  
We're passing ships in the night.

There's nowhere to run away.  
Said: "Boy if you want love, you'll have to go & find it with someone new."  
Do you know who you really are?  
Are you sure it's really you??  
Lies are a funny thing.  
They slip through your fingertips because they never happened to you.  
Time wounds all the heals. Then we fade out of view.

You, Me and a lie.  
Silence is closer.  
We're passing ships in the night.  
End to the night, left with nowhere to hide.  
Closer?  
and closer?  
We're crashing ships in the night
